

Can/Am Exchange - Boston 2009

Develop cross-border business relationships without leaving home

Wednesday, September 30 - 8am-2pm
Four Seasons Hotel Boston
Pre-registration is required to attend the event.

Join senior business leaders from New England and Ontario to understand how successful and growing partnerships between financial services companies in the United States and Canada have strengthened businesses on both sides of the border and around the world.

- Learn how companies in both countries are working together to establish stronger and faster growing businesses.
- Discover why 7 of the top 10 hedge fund administrators have a significant operational presence in Ontario and why Ontario is becoming a North American location of choice for asset servicing.
- Find out how programs designed to foster innovation in Ontario can help you develop new products more cost-effectively.
- Get an overview of the Canadian venture capital landscape and public capital markets, with particular focus on the strong technology and life sciences sectors, and learn how your company can take part in the Canadian capital markets.
- Meet the leaders of businesses from Ontario who are coming to Boston on September 30 to get to know you and find out how they can work better with you.

Whether you are a large company, or an entrepreneurial start-up, don't miss this opportunity to develop meaningful relationships with Ontario.

Join us in Boston on September 30 for an informative and educational program.

For complete information about this program and to register:
